## COMMERCIAL JET ADOPTS 8TREE'S DENTCHECK TO ENHANCE EFFICIENCY IN AIRCRAFT DAMAGE INSPECTIONS

**LEADING MRO PROVIDER INTEGRATES DIGITAL DENT-MAPPING TECHNOLOGY TO STREAMLINE MAINTENANCE OPERATIONS AND REDUCE AIRCRAFT DOWNTIME**

MIAMI, FL & RANCHO CUCAMONGA, CA, USA – July 7, 2025.

Commercial Jet, a leading provider of aircraft maintenance, modification, and refurbishment (MMR) services, has adopted 8tree's dentCHECK technology to enhance its aircraft damage inspection processes. By integrating dentCHECK into its Miami and Dothan maintenance facilities, Commercial Jet continues to reinforce its commitment to operational efficiency, accuracy, and cutting-edge aviation technology.

**David M. Sandri,**  
President of  
Commercial Jet.

At Commercial Jet, we continuously seek innovative solutions that improve our operational capabilities and help us deliver the highest level of service to our customers.

Integrating 8tree's dentCHECK into our workflow allows us to perform dent inspections with unprecedented speed and accuracy, ensuring aircraft return to service faster while maintaining the highest safety standards. This technology is a game-changer in our ability to deliver efficient and reliable maintenance solutions."

**Arun Chhabra,**  
CEO at 8tree.

We are excited to welcome Commercial Jet to the growing community of dentCHECK users. By adopting dentCHECK, Commercial Jet is not only enhancing its maintenance efficiency but also reinforcing its reputation as an innovative and forward-thinking MRO provider. We look forward to supporting their team with our technology and seeing the impact dentCHECK makes in their operations."

### REVOLUTIONIZING AIRCRAFT DAMAGE INSPECTIONS WITH DENTCHECK

Trusted by leading airlines, MROs, and OEMs, dentCHECK is the world's only handheld, wireless, and AR-powered 3D dent-mapping tool. Designed to eliminate manual subjectivity, dentCHECK provides instant, SRM-compliant digital damage reports, making aircraft maintenance inspections significantly faster, more accurate, and highly efficient.

With this technology, Commercial Jet strengthens its position as an industry leader in high-quality, efficient, and customer-focused MRO services, ensuring faster turnaround times and superior service reliability.

Learn how dozens of airlines/MROs are using dentCHECK by reading our [customer testimonials](#).

Commercial Jet provides turn-key aircraft maintenance, repair and overhaul (MRO) services for a wide array of commercial and military aircraft. As an independent FAA EASA approved repair station, our customers include scheduled and non-scheduled passenger airlines, cargo operators and leasing companies.

Commercial Jet has two large facilities encompassing over half a million square feet, strategically located in South Florida and Alabama - with both facilities capable of supporting multiple heavy maintenance checks simultaneously. Positioned within the industry as a leading provider of responsive, quality and cost-effective maintenance solutions, Commercial Jet is your partner for Advanced MRO Solutions.
